

MAGIC RELATIONSHIP TRANSFORMATION

What my some of my clients have said after they completed my...

12-Week Magic Relationship Transformation Program

Rachel

Before Sylviane, I kept getting stuck in unhealthy relationships, always blaming my partners.

Back then, I didn't understand the concept of the problem coming from me. However, Sylviane helped me understand that the relationships that I was in were my responsibility. I was the one accepting to bring myself down to the type relationships that I didn't want and tolerating the destructive behaviors of my partners.

I was able to see how those bad relationships were coming from me, even though I wasn't doing what I was doing consciously.

I am glad to report that I was able to move forward in a beautiful relationship that I would have never found before I got relationship counseling with Sylviane.

Alice

Sylviane helped me to finally understand
Why I kept attracting the wrong man over and over
in my life.

Soon after I first contacted Sylviane I had such a clear
picture in my mind that I started to be totally repulsed by
the very same type guys I used to fall for.

That alone was worth my while, but when I first met a man that I
would have never met before, I knew I had made the right choice in
getting help with my relationship issues .

Carol

My relationship issues go back when I was in my late teens and that pattern never left me.

Of course, I was clueless as for what was happening in my relationship life.

To my amazement when I learned that I could actually fix my relationship problems on my end I started to see how I had messed up all these years, unconsciously.

But this wasn't a guilt trip for me. It was an awakening

knowing that I had the power to change it.

While I'm in no rush to settle right now, I am happy to report that I've met some great guys that would have never crossed my path before. Thank you so much,

Sylviane for all your help .

Catherine

All my life I have been attracting total jerks that were lying to me and taking advantage of me financially.

After consulting with Sylviane I was able to realize where the problem came from and learn how to love myself in a way that I wasn't able to do before.

Soon enough I met the perfect guy for me, and I still can't believe it.
